Education

Jul 2020 - Present

Batchelor's Degree in Computer Engineering
Vidyalankar Institute of Technology, Wadala East
- Currently pursuing my BE degree
- Academic status - 3rd Year, 5th Sem

Work Experience

Jul 2021 - Present

Workforce
CESA, Wadala
- I have worked as a Workforce member in Documentation Team in CESA in my 2nd Year.
- In this Team, I have learned the complete process of Documenting the event before it started and after it ends.
- I have created publicity messages and reports of the popular events which were organized in online mode as well as the offline mode by CESA
- Gained professional experience in this committee

Feb 2021 - Aug 2021

Workforce
Student Council, Wadala
- I have worked as a workforce in the Documentation team in Student Council during 1st Year
- Created reports for the event Aur Batao held by Student Council in the online mode

Sep 2021 - May 2022

Workforce
IEEE, Wadala
- I have worked in Photography and Videography Team, and Documentation Team in IEEE in my 2nd Year.
- Learned more creative ideas in Photography and gained a basic knowledge of Filmora for Video editing.
- In the Documentation team, I made event details files, Questions for the Speakers in IRIS Flagship events, was a member of the Codeger Team during the Voyager Flagship events, and made the reports of various webinars, hands-on workshops and seminars conducted in the tenure

Qualities

- Leadership, Workoholic and team Management

Intention of Joining

The committee of CESA has made a great impact on my life. Working with my colleagues other than studies and working in a professional environment. By joining the Heads position I want to level up my potential of managing to multitask. It will be a great prestige for me to lead CESA in the future and take it to greater heights and maintain its legacy like how my previous Heads did.

Also, I would like to give my juniors the best experience of their college life and exposure to real-life event managing skills that I have experienced in my tenure of work in CESA

Courses

Present

Android Development
Learning Android Development in Java, on the platforms of Udemy.
